In some instances, internet content is restricted through the venue's internet server. If you require access to particular websites during your presentation, please discuss the requirements with the Conference Managers in advance. We will try to accommodate requests, however this cannot be guaranteed.

SESSION DETAILS - CHECK AHEAD

Please visit the Conference website www.radar2018.org/ to confirm your session time within the program. The program is subject to change so please ensure you check any changes on the 'Program Changes' board located at the registration desk onsite or refer to the most up to date program on the website or mobile app.

TIME ALLOCATION

The length of your presentation time is outlined in the program; this allocation includes question and answer time with the audience.

In the interest of fellow speakers, please ensure that you keep to your allotted time frame.

The session chairperson will time your presentation and provide you with a warning at **2 minutes** remaining and when time is up. You may like to rehearse your presentation with slides in advance to ensure your presentation fits within the allotted time.

Should one of the presenters in your session not be present, please keep to the program running order. The same policy applies if the session should finish earlier than expected. This will allow participants to move between sessions to attend other presentations at their scheduled times.

SESSION VENUE – ARRIVE EARLY

Please assemble in your session room **at least 10 minutes prior** to the start of the session. This will allow time for the Chairs to liaise with the speakers, explain the seating set up and arrangements for questions/discussion following the conclusion of your presentation.
